Description

Wonderful old lady's leg cocktail shaker set from West Virginia glass company, this is the frosted white version. It consists of the shaker and four matching cocktail glasses. Ca 1930s and hard to find in this condition with 2 light areas on the lid where the chrome didn't get evenly plated and very minor silver wear to the band and cup. It is just great with no rust, chrome wear, nicks or chips and The slipper is actually removable. What a great & fun shaker!
